Bottle labels are available at http://www.bjcp.org/docs/SCP_BottleID.pdf . Each entry will require an entry/recipe form available at:

http://www.bjcp.org/docs/SCP_EntryRecipe.pdf

.

Each entrant should review the 2008 BJCP style guidelines available at <http://www.bjcp.org/stylecenter.php> to determine the appropriate category in which to enter their mead, cider or perry.

Default evaluation for undesignated elements will be as defined by the BJCP guidelines for mead & cider.

Entries will not be recategorized by the judges.

The **carbonation** and **sweetness** of each entry **MUST** be specified. The **Strength** of mead entries **MU**

ST
be specified.

The variety of honey or fruit **MAY** be specified.

Entries in category 25C should specify the variety of fruit used.

Entries in category 26A should specify the spice(s) used.

Entries in category 26C must specify the specialty nature of the entry. If spices are used in conjunction with other ingredients such as fruit, cider, or other fermentables, then the mead should be entered in category 26C.

Entries in category 28D must specify the spices used or specialty nature of they entry.
