- **Bottle labels are generated by the registration tool** (and are available at http://www.bjcp.org/docs/SCP_BottleID.pdf). Each bottle needs a bottle label attached by rubber band; DO NOT USE TAPE!

- **Each entry will require an entry/recipe form which are also generated by the registration tool** (and available at: http://www.bjcp.org/docs/SCP_EntryRecipe.pdf).
- Each entrant should review the 2008 BJCP style guidelines available at http://www.bjcp.org/stylecenter.php to determine the appropriate category in which to enter their mead, cider or perry. Default evaluation for undesignated elements will be as defined by the 2008 BJCP style guidelines for mead & cider. Entries will not be recategorized by the judges.

- The strength, carbonation and sweetness of each mead entry MUST be specified, and carbonation and sweetness of each cider & perry MUST be specified.
- Please consult the 2008 BJCP style guidelines for the required information for each subcategory.
