Beerstock 5060-8

This year will be the 8th manifestation of this homebrew club beerfest designed to bring homebrew clubs together to share their brewed creations and create new friends in the homebrewing community.

Last year 17 homebrew clubs participated and well over 200 beverages were shared. Beerstock starts mid-day on Saturday and continues into the night with overnight camping. Each year an underlying theme for Beerstock and some years it's more apparent. This year the committee has chosen the theme title of "Search for the Holy Ale". Of course, you may choose any theme you'd like for your club's booth.

The private event takes place at a park south of Seattle near Orting.
If your brew club is interested, please contact Brian for further information, zenbrew1@gmail.com. If you are not currently part of a club contact Brian to be directed to the person in charge of The Club of the Unaffiliated.

Happy Brewing,
Joe, Brian, Brian and Daniel
