Beerstock 5060-9

This year will be the 9th manifestation of this homebrewers beerfest designed to bring homebrew clubs together to share their creations and create new friends in the homebrewing community.

Last year 15 homebrew clubs participated and well over 200 beverages were shared. The event starts mid-day on Saturday and continues into the night with music, entertainment and overnight camping. This year the Beerstock Committee has chosen the theme of "To Boldly Go Where No Beer Has Gone Before" so we welcome you to beam down to Beerstock 5060-9 on August 11. The check-in booth and some of the entertainment will flirt joyfully with this theme. Of course, you may choose any theme you'd like for your club's booth. Beerstock is also a fundraising event for Rotary's Polio Plus and we invite you to donate to this worthy cause. We are excited and inspired and look forward to sharing this summer party with you and your club.

The event takes place at a private park south of Seattle near Orting.

If you or your brew club is interested, please contact Brain at zenbrew1@gmail.com

Happy Brewing!
