Background Information on the Legislative Effort

The time has come where you can help make our effort to get our homemade beer and wine transportation laws changed. We want people to contact their legislators to let them know that you hope they support Senate Bill 5060 . Here's how you can do that:

1. Find your legislators

You can find your legislators using this search tool .

Click here to find your legislator

When you get to the tool, you need to enter your:

- **Address**
- **City**
- **Zip Code**

This will bring up your district's Senator and Representatives. **If possible, please contact their offices via e-mail and phone call.**
We'd like you to
contact ALL of your legislators
, regardless of party affiliation. This will be a non-partisan bill. We ask that everyone put any political preferences aside and focus on the topic of homemade beer and wine transportation.

You can also leave a message for all of your legislators by calling 1-800-562-6000 and asking them to support Senate Bill 5060.

2. Click on a Legislator and find the "e-mail" link on their page

After clicking on "e-mail" it will once again ask you for your address, city, and zip code to verify that you are one of their constituents.

You can help even more by also contacting committee members listed at the top of this message and asking for their support in moving Senate Bill 5060 **forward.**

3. Fill out the e-mail page and send them a message or give them a quick call.

Give your legislator some background on the effort. Let them know:

- What bill is going through (Senate Bill 5060)
- What it will do (support home made beer and wine makers by changing conditions on removal of homemade beer and wine from the house of production)
- Why you think it is important that the RCWs are changed (beer and wine making state image, future tax generators, responsible consumers, tourism opportunities, etc.)

Keep it personal and let them know your background and stories. If you want some background information to help with your letter or phone contact to your legislator, click of the links below:

Once again, you can also leave a message for all of your legislators by calling 1-800-562-6000 and asking them to support Senate Bill 5060.

4. Let us know who you contacted

If you can take one more second and fill out this brief survey , we can get an idea of who has been contacted as who hasn't. This will help us focus our contact efforts.

5. Let other people know!

The more people we get to contact their legislators, the better of a chance that we have to get the laws changed. You can click here to begin sending a message on to your friends and fellow supporters of our hobby! **Please only send this to Washington state residents.**
